

Cooperative Plaza Conference Center

Arlington County Community & Non-Profit Amenities

Cooperative Plaza Conference Center is proud to support Arlington County community groups and non-profit organizations by offering accessible, flexible meeting and event space designed to reduce financial and logistical barriers...

Meeting & Event Spaces

Multiple conference rooms are available to accommodate a wide range of events, from small meetings and trainings to larger community forums and presentations. Rooms may be reserved individually or combined into a larger contiguous space, making them well suited for workshops, board meetings, town halls, informational sessions, and community gatherings.

Room Rental Access & Rate Structure

Room rentals and parking are offered at the standard rate Monday through Friday before 5:00 PM. This daytime rate remains highly competitive and is generally more affordable than comparable event spaces in the Arlington area.

For qualifying Arlington County community groups and non-profit organizations, the room rental rate is waived during designated evening and early-night hours, enabling cost-free access for after-hours meetings and programs.

Included Amenities

Furniture and room setup—including tables, chairs, pre-event configuration, post-event breakdown, and event-related cleaning—are included for community and non-profit use.

Parking is also included for attendees during waived room rental periods, simplifying logistics and improving accessibility.

Audio-Visual & Equipment

Audio-visual services and additional equipment are not included in community or non-profit discounts. All A/V services, technology support, and supplemental equipment are offered at a Tier 2 rate and may be selected as needed through the event setup process.
